Dear Parents/Carers,

As you may have noticed we are in the process of developing our outdoor space to create exciting, imaginative and creative environments. We have already introduced the children to the new construction area and we are soon hoping to develop a number of other zones, including a nature zone and a role play area.

To do that we would really appreciate it if you were able to donate any of the following resources to school:

- Real Prams, Pushchairs and car seats (particularly those for infants)
- Baby dolls
- Kettles (no longer working is fine)
- Plastic crates
- Tarpaulin
- Lego/Duplo
- Plastic barrels
- Guttering
- Tree stumps/logs
- Large sticks to make a den
- Easels
- Scooters
- Balance bikes
- Any plates/cutlery/cups
- Children's tables and chairs
- Basketball hoops
- Bowls
- Cooking utensils
- Play food
- Saucepans
- Baking trays

We are asking that you please send a coat in for your child everyday as they will be going outside in all weathers. We would also appreciate it if you could send a pair of wellies in for your child to keep in school as they are likely to be playing in muddy areas.

In order to ensure that the children continue to access the different resources and enjoy their playtimes we are asking for your help to ensure that children are **not accessing the resources before and after school**. We will speak to the children about this in assemblies but please help us by reminding them, and their siblings, of this.

We thank you for all of your help and support in developing our playtimes and look forward to seeing the children enjoy the new areas we are able to create.

Many thanks,

The Glendale Play Project Team
