- Subtraction

Have you heard about our amazing new app?

It's 1-Minute Maths

Designed for use both in class and at home, our new 1-Minute Maths app helps children build greater number confidence and fluency. It's all about targeted practice in engaging, one-minute chunks!

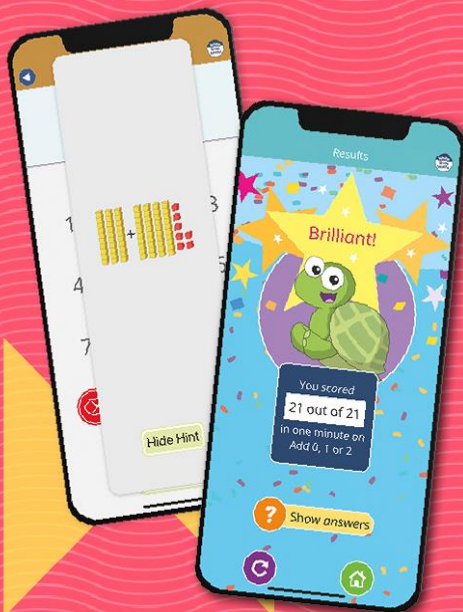

This first version of the app is aimed at Key Stage 1 pupils, and focuses on adding and subtracting — and on 'Subitising'. The free mobile app is available for Apple/iOS, Android and Kindle.

Check out these 7 top reasons for using 1-Minute Maths!

1. Excellent practice — and no distractions.
2. A clear, intuitive process that children pick up straight away.
3. No login or internet access needed. Just download and play.
4. Enjoyable and motivating... How many can they get correct in one minute?
5. Helpful hints match those used in class.
6. Brilliant for building number fluency and confidence.
7. It's **FREE!**

Children can choose any topic they want to try. They then answer a unique series of questions (so it's a different set of questions every time). If they're struggling with a question, a 'Hint' button will give a helpful clue by showing the question in a different but familiar way.

When the one minute's up, they'll see a feedback screen telling them how they've done.
