

Dear Parents and Carers,

In recent years our outdoor area has looked rather neglected. A combination of the hill, the trees and the amount of use the area gets from all ninety reception children, meant that the grass barely grew and throughout the Winter months our outdoor area looked more like a pig's field, than a children's play area. However, after a few delays we finally had the landscapers and builders in over the Easter holiday who have transformed our area. We now have a larger flat tarmacked area outside the classrooms, with a proper path leading up to an astro-turfed area on a gentle slope. The drainage has also been improved with the hope that it doesn't get clogged up, so any rain will run away rather than making large, slippery puddles across the paths.

However, we need your help!

We have spent a lot of money in recent years on equipment to enhance our pupils learning and give them opportunities to be physical and creative outside. Due to our muddy, dirty area, lots of this equipment has unfortunately been ruined. Now that we have our new and improved area we are trying to restock our resources. We have a wish list of items we would love to gather for our Reception children to use. If you have any of the following items, in a good, safe condition, please could you consider donating them for our Reception children.

Plastic milk and bread crates

Light wooden pallets

Wooden planks

Pipes

Guttering

Tree stumps

Logs

Large sticks

If you have any of these items or anything similar that our children could use then please contact the school to arrange a suitable time to drop them off.

Thank you very much,

The Reception Team
