Glendale Update

Dear Parents/Carers,

You will have had lots of texts with information and links to letters on the website, so this will be a short update, as there is not a great deal more to add at the moment. We are not going to rush our wider reopening, our planning and preparation is well underway, it will be thorough and revisited and revised where necessary. Once our Risk Assessment has been quality assured by the Local Authority we will share this with you, as well as fuller details of how our 'bubbles' of adults and children will work and how our day will look. This will help our Reception parents/carers, in the first instance, make an informed decision as to whether or not they would like their children to return to school in the near future.

HOME LEARNING RESOURCES

This should be half term week coming up, so do please feel free to take a break from work.

If you really do want things to do, remember there is:

Oak National Academy - Some of the 'humanities' lessons do NOT fit with our curriculum, so we would advise not to use these, but take a look at some of the other things on there, if they interest your child. There are resources for Reception, Year 1 and Year 2, we feel that some of the Reception ones are quite long and children may struggle to focus.

<https://www.thenational.academy/online-classroom/subjects/#subjects>

There is also BBC Bitesize.

Hoping you and your families are keeping well.

Very best wishes,

Louise Hopkins
