

Termly Curriculum Overview: Year 2 Spring Term 1

Welcome back! Our topic for this term is....

What could you invent?

<h3>English</h3>	<h3>Maths</h3>	<h3>Geography/History</h3>
<p>We will be using a number of key texts this half term including 'Eliot, Midnight Superhero' by Anne Cottringer and 'Up' by Disney Pixar. We will be looking at writing setting descriptions, using adjectives and adverbs to make our sentences more interesting and writing a diary entry for Eliot the superhero.</p> <p><i>Ask me how I can make a simple sentence more interesting.</i></p>	<p>In maths, we will be learning number bonds to twenty and one hundred, using these to help us solve missing number calculations. We will be adding and subtracting two-digit numbers, starting to cross ten. We will practice our multiplication and division calculations.</p>  <p><i>Can I tell you number bonds to twenty? Could you help me with a missing number calculation?</i></p>	<p>In topic, we will be learning about the history of powered flight. We will look at different historical accounts to see what we can learn from them about the past. We will look at the timeline of the development of powered flight and consider the impact of these developments on modern life and the environment.</p>  <p><i>Can I tell you about different aviators? Ask me about the Wright Brothers and Amelia Earhart.</i></p>
<h3>Physical Education</h3>	<h3>Art/ Design Technology</h3>	<h3>PSHE</h3>
<p>In PE we will be focusing on Dance. We will be learning different styles of dance before working collaboratively to put together a sequence of dance steps. We will present these to each other before discussing what we liked and what we could improve.</p>  <p><i>Ask me to show you a type of dance that I can do!</i></p>	<p>In Art and DT we will be looking at making collages. We will look at the artwork of Tom Butler before investigating different materials which can be used for collages. We will then create our own collages of a London scene. In D.T we will be discovering different types of bread before designing and making our own. We will then evaluate what worked well and what we could change.</p>  <p><i>Help me by looking at Tom Butler and his artwork.</i></p>	<p>In PSHE we will be exploring our strengths and difficulties, recognising that we cannot be good at everything.</p>  <p><i>Ask me what I am good at and what I might not be so good at.</i></p>
<h3>Computing</h3>	<h3>RE</h3>	<h3>Science</h3>
<p>In computing this half term, we will be learning about algorithms and how they are used in everyday life. We will investigate how to debug a programme by changing the algorithm.</p>  <p><i>Ask me what an algorithm is and how they are used in everyday life.</i></p>	<p>In Religious Education we will be learning about what different religions say about God and discuss our own feelings towards God.</p>  <p><i>Ask me what different religions say about God.</i></p>	<p>In Science we will be learning about different materials and how they are best suited for different purposes. We will investigate how the shape of some materials can be changed and discuss recycling.</p>  <p><i>Ask me how the shape of some materials can be changed. Can I tell you which materials we can recycle?</i></p>
