

Mental Health in Schools Team Tips For Wellness

Self-Care

Self-care is all about the little things we do to help ourselves feel better or to keep ourselves feeling good. This is a great way to look after our mental health and wellbeing. Self-care involves 'checking in' with yourself and thinking "how do I feel today?" and understanding "what do I need today?" Self-care looks different for everybody. What works for one person may not work for someone else!

Our tips for self-care:

- **Taking** time-out when we are feeling overwhelmed.
- **Making** time for an activity which makes us feel good e.g., taking a bath, listening to music, going for a walk, or playing a game you enjoy.
- **Doing** the basic things to look after ourselves e.g., eating and sleeping well.
- Practise self-care by asking yourself the questions in the box below:

How do I feel today? What do I need today? Do I need physical or mental self-care? When can I add self-care into my day? Make time to do it! Repeating these Self-Care check-ins at least once each day can help improve our mental health.

Make time for a relaxation activity. Scan the QR codes below for more information around self-care. Why not try the mindfulness activities in the QR codes below too!
